WEATHERIZATION PROGRAM NOTICE 04-2A
EFFECTIVE DATE: January 29, 2004

SUBJECT: PROGRAM YEAR 2004 FINAL STATE ALLOCATIONS

PURPOSE: To provide final State allocations to the States for their preparation and submission of applications for funding of the Low-Income Weatherization Assistance Program (Weatherization) for Program Year 2004. This notice supercedes WPN 04-2.

SCOPE: The provisions of this guidance apply to all grantees applying for financial assistance under the Department of Energy (DOE) Weatherization Assistance Program.

BACKGROUND: Title IV, Energy Conservation and Production Act as amended authorizes the Department of Energy to administer the Low-Income Weatherization Assistance Program. All grant awards made under this program shall comply with applicable law, including regulations contained in 10 CFR Part 440, and other procedures applicable to this regulation as DOE may from time to time prescribe for the administration of financial assistance.

PROCEDURES: The final State allocations included in this guidance are to be used in conjunction with Weatherization Program Notice 04-1, 2004 Grant Guidance, in developing the annual grant application for Program Year 2004. These allocations reflect the FY 2004 funding level for Weatherization of \$227,165,966 in the Omnibus Spending Bill passed by the Congress and signed by the President. This represents an increase of \$3,628,466 over the FY 2003 appropriation level for Weatherization. States should begin developing/amending their 2004 State Plans based on these allocations.
