The Honorable Ernest Moniz  
Secretary  
U.S. Department of Energy  
1000 Independence Avenue, S.W.  
Washington, DC 20585

Dear Secretary Moniz:

We write to express our support for the SeaOne Gulfport, LLC application (FE DKT NO.16-22-CGL) for long-term authorization to export Compressed Gas Liquid (CGL) to Non Free Trade Agreement (NFTA) countries in the Caribbean.

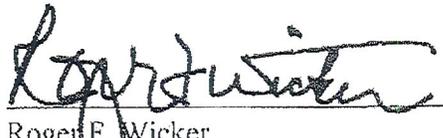

Unfortunately, NFTA countries in this region rely on high cost liquid fuels. CGL technology supports U.S. energy policy and can provide unserved markets with an opportunity to obtain a more reliable, affordable and cleaner energy source. We believe that this application presents export opportunities that would advance our national and economic interests.

We appreciate your commitment to American energy exports, which play a critical role in promoting export opportunities and growth for U.S. companies and their workers. It is our hope that your Department will take the necessary steps to swiftly approve this application. We also request to be informed of any change in the status of this application as it is considered by your Department.

Thank you for your attention to this matter.
