**Re: SeaOne Gulfport, LLC
DOE/FE Order Nos. 3555
FE Docket No. 14-83-CGL**

Semi-Annual Report, October 2016

Dear Sir or Madam:

As required by DOE/FE Order No. 3555, issued on December 2, 2014, SeaOne Gulfport, LLC ("SeaOne") herby files its fourth semi-annual report.

Progress of the Facility: Front End Engineering and Design (FEED) for the entire project has been completed. Currently, bids are being received for construction of each of the facilities as well as the marine transports. Contracts with product pipeline owner/operators for delivery of hydrocarbons to the SeaOne Gulfport facility are currently being negotiated. In addition to markets in the Caribbean Basin and the Gulf of Mexico, SeaOne is currently negotiating contracts for delivery of CGL to Columbia. SeaOne has selected a site in Columbia and will finalize the related agreements shortly.

Anticipated Start Date of Operations: Based on the availability of the production site in Gulfport, the projected date for commencement of full commercial operations has been moved to first quarter 2017, which will push the project commercial date to first quarter 2019. SeaOne has commenced the process of entering into the Final Investment Decision (FID) phase of the project.

Status of Long Term Export or Supply Contracts: SeaOne is finalizing several long and medium-term fuel services agreements (contracts) with customers in the Caribbean Basin, the

Gulf of Mexico, and Columbia.

Please contact me with any questions regarding this filing.

Respectfully submitted,
