SUBJECT: **ANNUAL NATIONAL ENVIRONMENTAL POLICY ACT PLANNING SUMMARY  
FOR 2012 – THOMAS JEFFERSON SITE OFFICE**

TO: Sean A. Lev, Acting General Counsel, GC-1, HQ/FORS

In accordance with the June 1994 Secretarial Policy Statement on National Environmental Policy Act (NEPA) and Department of Energy Order 451.1B, Change 3, *National Environmental Policy Act Compliance Program*, the Thomas Jefferson Site Office has reviewed ongoing and planned activities and has determined that there are no NEPA compliance activities planned over the next 12 months requiring completion of an Environmental Assessment. We also do not anticipate any activities being conducted requiring that an Environmental Impact Statement be prepared over the next 24 months. This memorandum will be available for public review and placed in the public reading room located in Building 12 at the Thomas Jefferson National Accelerator Facility.

If you have any questions or need additional information, please contact me at (757) 269-7140 or Patty Hunt of my staff at (757) 269-7039.
