Office of Procurement and Assistance Management

**SUBJECT:** Updated Section H Greening Clauses

**SUMMARY:** We are updating the Section H Green clauses. The intent of these clauses is to ensure that our contractors are aware of the Department's commitment to environmentally preferable and sustainable products and services in our procurement program. There are variations of the clause for architect-engineer, construction, janitorial service, computer equipment, and general service contracts. Each variation cross references its related Section I clause.
