Acting Assistant Secretary for
Environmental Management
1000 Independence Avenue S.W.
Washington, DC 20585

Dear Dr. Triay:

As you know, the Environmental Management Advisory Board is charged with providing advice and recommendations on issues affecting the Environmental Management (EM) program. In Fiscal Year 2009, you asked that the Board focus on the topic of EM's strategic planning efforts, and specifically the Energy Park Initiative. In light of this request, we respectfully submit the attached report and recommendations for your review. These recommendations were approved by the full Board during its April 29, 2009, public meeting in Arlington, Virginia.

If you have any questions or comments regarding the report and/or recommendations, please feel free to contact either myself, or the Board's Designated Federal Officer, Ms. Terri Lamb.

Regards,

James A. Ajello
Chair
